*Professional Instruction like NOWHERE Else Gives YOU the Competitive Advantage!*

## UPHOLSTERY & FINE FABRIC CLEANING: **THE NEXT LEVEL**

**Tuesday & Wednesday ♦ May 7+8, 2019 ♦ 8:30am – 4:00pm**

### **About This Two-Day Course**

***This class is designed for those with previous upholstery and fabric cleaning experience, so it is not a beginner's course.***

Although we will quickly gloss over all of the essential basics, the focus here for this class will be hands-on training, deeper chemical and procedure deployment, and maximizing your profit by understanding all facets of fabric care.

**Plenty of fabric samples will be here to show you and you will learn what you need to gain a great competitive advantage.**

### **Same as the Last Course?**

**In short: no, not at all.**

This event will provide more intense instruction and will be hosted independently here. Our focus is to expand on last time without the basics, strengthen your skills and understanding, and **completely boost your confidence 125%**.

**We will cover all types of upholstery situations, other decorative textiles, mattresses, and much more.** To augment cleaning methodology, we will also cover problem correction, sales & marketing, post-cleaning treatments, malodor and stain remediation and lots more!

### **BOTH DAYS FEATURE**

Our exceptional food & hospitality, individual attention at your level, and personal instruction you will find nowhere else. There is a complete money-back guarantee if you are not satisfied.

**CLASS SIZE IS EXTREMELY LIMITED, SO PLEASE CALL TO BOOK TODAY.**

**Cost: \$169 per person \$139 for add'l. students from the same company**
